

This is our school.
The Henric van Veldeke College.
This is not everything.
Quite a lot of it you can't see.
e.g. The playing-ground, the
stands for our bikes etc.
Our school is a big building.
It even has a chapel

Here you see the side of our
College: to the left of the
entrance are the cycle-stands.
The building in front is also our
school. At the back is the
playing-ground.
There are many pupils at our school.
They even come from neighbouring
villages and towns.

Here you see what the school
looks like at the back.
Before the building you see the
playing-ground.
I hope now, you can understand that
the school can contain 700 pupils.
A stone statue of Christ has been
placed between these trees.

And this is the chapel.
Holy Mass is celebrated here for
our class every Saturday.
Of course it can not hold the 700
pupils all together.
But it can hold many of us.
This is our school.
Our Henric van Veldeke College.
